EWS . Varia

Reducing set-up time with the innovative EWS-quick-change-system

Awarded with the "Innovation Award" of the federal state of Baden-Württemberg

Advantages

- preset cutting tools are laying ready at the machine
- quick change through only one clamping point
- no risk of injury when changing tools
- clamping of the inserts without any radical force
- safe torque transmission
- no loose parts!

Versions

- Varia V3 + VX3 = VDI25 / VDI30 / BMT55
- Varia V4 + VX4 = VDI40 / BMT65
- Varia V5 = VDI50 / VDI60 / BMT75 / BMT85
